## *The Bulletin of Electrical & Electronics Engineers of Tucson*

### IEEE TUCSON SECTION MEETING

## **WHAT IEEE DOES AND CAN DO FOR YOU**

Date: Thursday, September 25, 2003

Time: 6:00 P.M.

Speaker: Mike Andrews, Andrews and Associates, LLC

Place: AME S202 at the U of A

For many, IEEE membership is just a professional organization that many join to get access to world class journals and conference proceedings. Others simply view it as another line on a resume.

Membership to IEEE can be much more to the people that join its ranks. Mike Andrews can help clarify that from what IEEE does to promote membership advantage to the purposes of IEEE-USA to Conferences to Professional Standards and more! Come find out more about what our organization does and can do for you!

Mr. Andrews is President of Andrews & Associates, LLC, a consulting firm specializing in analyzing, developing and implementing business strategies that increase the ability of an organization to respond to various business situations in a robust environment. He is a senior member of IEEE and currently is a member of the IEEE Computer Society, Engineering Management Society, and has been an active member of the Industry Applications Society and the Vehicular Technology Society, including serving as a Conference Chair for both VTS and IAS. Mr. Andrews is currently serving IEEE members on the IEEE-USA Nominations and Advancement Committee, Chair of the Phoenix Section Awards and Intersociety and Industry Relations Committees. He is also the Phoenix Regional Coordinator for the National Engineers Week Future City Competition and a member of the Board of Directors and Operations Committee for the 2005 International Science and Engineering Fair-Arizona.

### Conferences Coming to Tucson

The 2003 Education and Training in Optics and Photonics (ETOP) conference (co-sponsored by OSA, ICO, and SPIE) will be held in Tucson October 6-9, 2003. For information, point your web browser to: [www.etoponline.org](http://www.etoponline.org).

Also, the Lasers and Electro-Optics Society (LEOS) will be holding the 16<sup>th</sup> annual LEOS meeting October 26-30, 2003 in Tucson. For information, email: [leosconferences@ieee.org](mailto:leosconferences@ieee.org) or check out their website at [www.i-leos.org](http://www.i-leos.org).

The 41<sup>st</sup> annual Reliability Engineering and Management Institute

Conference will be held November 17-20, 2003 in Tucson. For information, email: [dimitri@u.arizona.edu](mailto:dimitri@u.arizona.edu) or check out the website at [www.u.arizona.edu/~dimitri](http://www.u.arizona.edu/~dimitri).

### Feedback and Volunteering

We need to hear from you! We want to know what we can provide to make IEEE a better organization. If you have any ideas for meetings, any activities that promote engineering and the IEEE, let us know! We'd like to hear from you. Also, remember that we run this as a set of volunteers. If you put something into this organization, you can get much more out of it! We need you to help out! Contact us! Help out! Contact us!

### Standing Committees

The Tucson Section has standing committees whose chairperson is not elected, but is appointed by the Section Chairman. If you are interested in any of these positions or are interested in having a say in what the Tucson Section does, please notify Joseph Wu at [joewu@ieee.org](mailto:joewu@ieee.org) or at 519-0904.

Membership Development

Awards and Recognition

### Senior Membership

Do you want to become a senior member of the IEEE? The IEEE wants to promote qualified candidates to senior membership! If you have 10 years of professional experience of which five years of *significant professional performance*, you are qualified for a senior member upgrade. Educational experience such as a bachelor's degree in an IEEE-designated field counts 4 years to that number, a master's degree counts 5 years and a doctorate counts 6 years. In order to find out more, point your web browser to [www.ieee.org](http://www.ieee.org) and search for senior membership!

### Email and Electronic Support for IEEE

In case you didn't know, you can get email notices about meetings in the Tucson Section. Just check out the page in the Tucson Section Website: <http://www.ewh.ieee.org/r6/tucson/mail.htm>

Also, if you want change addresses, change a typographical error in your profile, or have problems with your subscriptions, you can do solve those problems yourself! Send an email to one of the addresses listed below:

Address changes: [address-changes@ieee.org](mailto:address-changes@ieee.org)

Typographical errors: [record-changes@ieee.org](mailto:record-changes@ieee.org)

Subscriptions: [member-services@ieee.org](mailto:member-services@ieee.org)

General Information Call: 1-800-678-IEEE(4333)

Tucson Section, Institute of  
Electrical and Electronics Engineers  
1029 N. Del Valle Pl.  
Tucson, AZ 85711

**Important IEEE Phone Numbers, Web Pages, and Email  
Addresses:**

To report address changes:

address-changes@ieee.org

Other record changes (typographical errors)

record-changes@ieee.org

Other membership issues including subscriptions

member-services@ieee.org

General IEEE Information
